HAWKINS ISLAND

Conservation is a big deal for us. Encounter a variety of birds seeking refuge here, away from predators and harmful chemicals. With 13 bluebird boxes, we protect these colorful endangered species in carefully monitored nesting sites. Spot the White-Tailed Tropic Bird, a beloved symbol of Bermuda's spring, gracing our coastline.

Learn about the island's flora and their health benefits. Explore Bermuda's historical past as you uncover remnants of the Boer War prisoners right here on Hawkins Island.

Climb up to The Guard Tower, Hawkins Island's highest point, and soak in 360-degree views of The Great Sound. Relax on the balcony, enjoying the sea breeze while indulging in a chef's lunch from Miles Market.

Make the most of your time here. Glide over clear waters on a kayak or paddleboard, snorkel to explore underwater wonders, practice your putting on our green, or simply relax on our private beach under an umbrella.

Available Monday through Thursday for one year from issuance. Dates subject to availability. Suitable for guests of all ages, accommodating up to 6 guests.
